For Immediate Release

Local Landlord Jon Kepler Offers BCK Owners \$500,000

August 15, 2014, Owen Sound – As a prominent Owen Sound landlord, Jon Kepler has been watching news coverage of the BCK by-law issue with special interest. Effective immediately, Mr. Kepler is offering to purchase \$500,000 worth of pre-construction residential or retail space on the BCK site. This offer is subject to his approval of the final cost per square foot and his inspection of a site plan. If no site plan exists, he is willing to wait until one is drafted. The exact details of the development are inconsequential to him. If this offer is accepted in the next seven days, a deposit will be provided within 24 hours.

“Like most things in life, this situation is about money. Miranda Miller, Aly Boltman, and other community members care deeply about our city. Disappointingly, though, none of them have offered to write a cheque. It is time for this to change,” said Mr. Kepler.
